Dear International Marathon Fellowship of Rotarians

When Rotary International launched the PolioPlus Campaign in 1985, the world was recording an average of 1,000 cases of polio a day across 125 countries. Through the work of Rotary and its partners, less than 1,000 cases a year are recorded and only four countries remain affected.

The Bill & Melinda Gates Foundation is supporting Rotary and has contributed US\$355 million and has challenged us to match with a further US\$200 million.

Your generous donation to the PolioPlus Campaign will ensure that Rotary International will fulfil its promise of a polio free world.

PAID. No payment required.
